

DFDFCU Presents \$3,000 Check to Support Cañon City Firefighters Local 1002

Cañon City, CO, October 27, 2025 – DFDFCU has announced a \$3,000 donation to Cañon City Firefighters Local 1002 as part of a contest held during the 2025 CPFF Annual Meeting. DFDFCU is a firefighter-exclusive credit union who's dedicated to supporting all professional firefighters across Colorado.

"Our group currently consists of about 50 firefighters. Per member of the union, we earn about a dollar and some change each month from dues. \$3,000 means quite a lot to a group of our size," said Nate Brantley, Local 1002 Union President.

At this year's CPFF Annual Meeting, DFDFCU hosted a booth featuring games and a drawing in which participating locals could win a \$3,000 donation to their union.

"Our mission has always been to serve and give back to Colorado's firefighters," said Scott Simpson, DFDFCU Board Chair and retired Local 858 firefighter. "This is just one of the many ways we proudly support locals—both large and small—across our state."

"We are on the verge of finishing our first ever contract. In the future, this places an increased cost when we are advocating for ourselves. In the past, we've received assistance from the CPFF when we've needed to pass a local ballot question to secure funding for our Fire District." Said Brantley. "The donation from the DFDFCU will help us to achieve a better financial position for future negotiations and possibly political actions."

DFDFCU is a not-for-profit, firefighter-exclusive credit union only serving professional firefighters across Colorado and their immediate families. The credit union reinvests profits into its membership through competitive rates, low fees, and direct financial support to the

professional firefighters in Colorado. For more information about DFDFCU and how they can support you or your union, visit www.dfdfcu.com or email jnyc@dfdfcu.com.
